

MASTER PLANNING

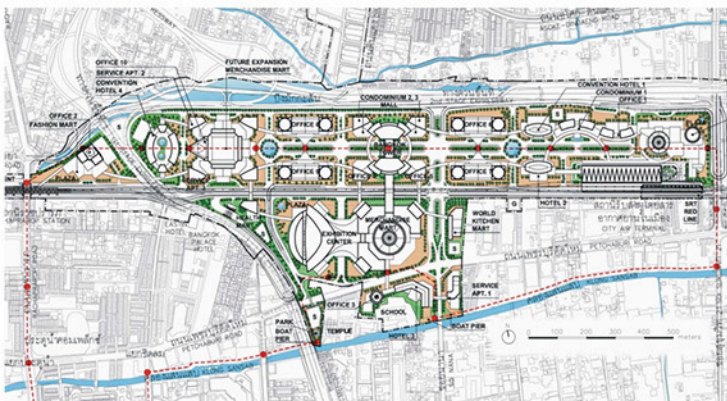

Development of Makkasan Complex Project Plays a major role in an efforts to enhance potential for handling passengers bound for Suvarnabpumi Airport as it is convenient and speedy. It is easy to do parking or getting accommodation while making contacts with the business and commercial districts in the area as well overseas. These facilities will materialize when Makkasan Complex is fully developed into a major Center of Commerce and Communications. It has other attractions such as the entertainment places to meet tourist requirements. Makkasan is also regarded as a major gateway to other points within Bangkok Metropolis and this in a way should promote traveling to Suvarnabphumi Airport and traveling within Bangkok Metropolis can be made with ease and convenience. The Makkasan Complex will included the following: shopping center, entertainment complex, exhibition center, merchandise mart, medical mart, fashion mart, world kitchen mart, condominiums, service apartments, convention hotels and office buildings.
